

問 6 次の英文は、中学生のユリ (Yuri) が英語の授業で行った発表の原稿です。英文を読んで、あとの(ア)～(ウ)の問いに答えなさい。

Hello, everyone. I am Yuri. Today, I would like to talk about school *uniforms.

I asked the students in my class for their *opinions on school uniforms. Many of the opinions are *positive. There are 40 students in my class, and 24 of them answered that having a school uniform is good. I also asked them the reasons for their opinions. *Table 1 shows some examples of the reasons for the positive opinions.

Table 1

We don't have to worry about *clothes.	10 people
We can wear the school uniform for many years because it is strong.	7 people
We can easily *recognize the students from our school.	3 people

I agree with the third reason. Last Sunday, my father and I went to Sakura High School to join an event. We were going to meet my classmate, Misa, there. There were so many girls *of my age at the school, and almost all of them were wearing their school uniforms. Some of them looked like Misa. (①) My father said to me, "Yuri, how did you find Misa so easily? I can't see the *difference between your school uniform and the others." I answered, "Finding students from my school is easy for me. (②) There are a lot of small differences." My father was very surprised.

I also think that uniforms have the power to *bring us together. When we wear the same uniform, we can feel that we are *members of the same group. For example, soccer fans often wear their favorite team's uniforms when they go to see the team's games. (③)

*On the other hand, there were some *negative opinions, too. Table 2 shows some examples of the reasons for the negative opinions.

Table 2

Our school uniform is not cool.	6 people
I don't like to wear a *skirt.	4 people
Our school uniform is *expensive.	3 people

I think that the second reason is from girls. I was surprised because I thought that wearing a skirt as a school uniform was *natural for girls, but actually I do not often wear a skirt *outside school. Some of my friends do not wear skirts at all. They say wearing a skirt is not *comfortable for them. On the Internet, I found that some schools have *trousers as uniforms for girls. In many of those schools, the students' and their parents' opinions have *caused

*changes in the uniforms. Then, more students will feel happy to wear our school uniform, and we will really become a member of the same group. Thank you for listening.
