問題(ウ)

Hi, everyone. I'm Mike Green from Australia. This is my second time in Japan. I came to Japan for the first time five years ago. I was twenty-two and was a university student then. I liked Japan very much, so I have wanted to come here again since then. I like music very much, and I am good at playing the guitar. Now, I'm thinking about trying the Japanese drums. I'm interested in taking pictures, too. I often took pictures of animals in Australia. From now, I'm going to teach you English on Mondays and Thursdays. I also want to enjoy many other things with you. Thank you.
